Engineering Corps for the Ch
Western RR, camped on Tea

Bad Hogsett, Ruben Aldridge
and Lace Stewart are off to Cran-
berry fishing.

In a recent issue of The Marl-
ton Messenger we noticed that a
Millpoint correspondent states that
Miss Florence Ervin and Tony
Bee attempted to run away a few
Sundays ago. This is a bad mis-
take. On the Sunday mentioned
Miss Irvine, together with quite a
number of Millpoint people went
out for a walk and there was no
one with the crowd by the name
of Bee and as I was with the crowd
I know that the report is as false
as sin. We hope that the corre-
spondent will be a little careful
and know what he is writing be-
fore he writes another letter for
publication.

Sunday at 3 p. m. and will be held at that hour each Sunday. We hope the people generally will come out and help to make it interesting, and bring all the children for a Sunday school can not be a success unless the children of the neighborhood will take part. Let each one do his or her share and I know it will be a success.

The farmers are beginning to get something done now as we have had a few nice days. Most have sown oats and some are ready to plant corn.

T. W. Hogsett has put up some wire fence and repaired the old one around his lot.

W. McClinton and Marvin S. Smith have gone to Indiana and Illinois to buy a blooded stallion
